

Public Information

The Planning Accreditation Board requires this information be posted for the Masters of Science in Planning program.

Student Achievement

Students completing internships of 400 hours or more receive a written evaluation from their supervisor. Evaluation occurs upon conclusion of the internship, which typically follows the first year of completed coursework. Supervisors evaluate interns on several indicators of student performance, including a rating on whether they would hire the student should a position be open in their workplace. Evaluators use a rating scale of 3-Would Hire, 2-Would Hire with Reservations, 1- Would Not Hire.
